

Artist's Statement on "Wish You Were Here"

"Wish You Were Here" is one of my most personal works, rooted in a deep sense of longing.

In this piece, the figure merges with nature, almost dissolving into it—a reflection of continuity, and an unbreakable connection beyond physical presence.

For me, this work embodies the enduring relationship between life and memory. The presence remains, even as it shifts into something less tangible. The organic forms symbolize transformation echoing the way love transcends the physical and exists in an unseen realm.
